SUMMIT STATION.

Our schools closed last Friday after a very successful year's work. The commencement as well as the closing entertainments and receptions showed the excellent work of both superintendents and principals. The schools will open next fall with an entire new corps of teachers with the exception of Miss Zou Frost in the primary room. Supt. Newton of the primary schools will be our next superintendent. Miss Glorine Bessie, having resigned her position as principal, after three very successful years' work, and

will enter Ohio Wesleyan this fall with junior rank and Miss Nina Myers of Baltimore has been employed to fill this vacancy. Miss Ruth Dean, one of the county's best teachers in grade work, has also resigned to take up work in Ohio Wesleyan. Her successor has not been employed as yet.

Mr. Dean, a young man, aged about 17, and living between Blacklick and Reynoldsburg, was badly injured last Saturday while hauling dirt for the fill at the Blacklick bridge. His wagon loaded with dirt, slid off the dump and rolled down the embankment, about eighteen feet, landing the driver underneath the load of dirt. Wailing hands extricated the lad as quickly as possible. Dr. Bee of this place attended the boy, who was badly, if not fatally injured. He was taken to his home. The horses landed on top of the other at the bottom of the dump and one was injured.

Miss Alice Poling and daughter Alth, C. W. Street and family went to Blacklick Saturday to assist their father, Mr. Ira Straut, in celebrating his eighty-first birthday anniversary.

Miss Julia Bomer of Newark and Mr. and Mrs. W. P. Bessie of Puttuck attended the commencement exercises and were the guests of S. B. Bessie and family Thursday.

Miss Nina Myers and Miss Glorine Bessie went to Columbus Friday to attend the prize drill at O. S. U., also the big six track meet, Saturday.

While there they were the guests of Miss Esther Church.

FOR A GOOD DIGESTION

A Local Druggist's Suggestion.

It has been said the body is like a machine and digestion and elimination of food are the two great factors to health.

If the digestive organs are weak, the stomach overloaded, waste matter accumulates in the system—the liver gets sluggish and the blood becomes thin and devalitized.

We want to ask every person in this vicinity who is troubled with indigestion or a weak without stomach, to try our delicious cod liver and iron tonic Vinol.

We know it will strengthen and tone up the weakened, tired and overtaxed nerves of the digestive organs, create a hearty appetite, and replace weakness with strength.

We just heard of a case of a man in Oneonta, N. Y., who suffered from a bad stomach trouble for fifteen years and had become so weak he could hardly walk—who was cured by Vinol.

Try a bottle of Vinol and if it fails to help you we will give back your money. F. D. Hall, druggist, Newark, Ohio.

P. S. For itching, burning skin try our Sazo Salve. We guarantee it.

SUDDEN DEATH OF DR. BARNES AT CLEVELAND

Well Known Newark Physician Could Not Withstand Shock of Operation for Gall Stones.

Dr. Benjamin F. Barnes of 155 North Fifth street, died at Lake View Hospital, Cleveland on Wednesday morning about 6 o'clock after undergoing an operation at the institution on Saturday morning. The announcement of the death of Dr. Barnes came as a great shock to his family and friends for he had rallied nicely from the operation and was able on Tuesday to dictate a message to his wife in this city.

Dr. Barnes has been a sufferer from gall stones for some time, having several serious sicknesses. He left a week ago Wednesday for Cleveland and underwent an operation on Saturday morning. There was no indication that the operation would be serious and the doctor's recovery was confidently expected, but on Wednesday it seemed as if his entire constitution gave way.

Dr. Barnes was well and favorably known to the medical profession of Licking county.

Benjamin Franklin Barnes, M. D. was born in Holmes county, Ohio, near Millersburg, August 10, 1865. His early life was spent in the neighborhood of his birth, and here he obtained his elementary education. He entered college at Ada University from which he was graduated with the degree of Bachelor of Arts. Upon the completion of his collegiate course he took up the study of medicine at the Wooster Medical school, Cleveland, Ohio. From this institution he was graduated in 1895 with the degree of Doctor of Medicine.

Dr. Barnes began the practice of his profession at Hemlock, Ohio, immediately after his graduation. He continued his profession in Hemlock for a period of eight years.

He came to this city in 1902 and from the very first his ability as a physician and his skill as a surgeon were recognized. In 1900 he took Post Graduate work in New York City adding to the already large store of his medical knowledge. Again in 1902 desirous of still further fitting himself for greater usefulness he took additional Post Graduate work in the same place. His deep interest in his profession was such that he was at all times a diligent student of the very latest discoveries in the same. During the practice of his profession he has to his credit the successful performance of some of the most difficult surgical operations ever performed by a surgeon in Licking county.

He was closely identified with the work of his profession in both state and nation, being a member of the State society and the American Medical association. He was ex-president of the County Medical society. At various times he was a delegate to state conventions as well as the National association.

He was a member of the surgeons staff of the B. & O. railroad and also represented the local medical staff at the National convention of the B. & O. surgeons.

January 6th, 1904 Dr. Barnes was united in the bonds of Holy Matrimony to Miss Mabel Marsh at Shawnee, Ohio. To this union two children were born, Eleanor and George.

Dr. Barnes was a member of Newark lodge of P. & A. M., Warren chapter and Bigelow council. He was also a member of the Newark Masonic club.

He entered into rest at Cleveland, Ohio, May 28, 1915, at the age of 47 years, 9 months and 18 days.

He leaves to mourn his departure his wife, Mrs. Mabel Marsh Barnes, two children, Eleanor and George besides a host of friends.

He was a good citizen, a splendid type of man and a surgeon and physician ranking high in the medical profession.

The funeral arrangements will not be made until Dr. J. G. Shirer returns from Cleveland, where he went with David Criss, of the firm of Criss Bros., to bring home the body.

GOLF TOURNAMENT.

Arrangements have been completed by the golf committee of the Country Club to hold a Memorial Day handicap tournament on Friday.

Each player will receive a handicap according to the form in which he has played in the past, and each will play against boys. This gives each and every participant an equal chance to win the match.

The course has been put in fine shape, the putting greens having been put in excellent condition and the tearing ground reconstructed.

It is anticipated that this tournament will be a great success.

Find For Receiver.

Inaffirming judgment of the lower courts, Tuesday, in the case of The Franklin National Bank, et al vs William E. Miller, as receiver for the Newark Iron & Steel company, the supreme court of Ohio put an end to litigation in this matter that has covered a period of ten years. The matter was based on the distribution of something like \$1,500, part of which was claimed by Mr. Miller as receiver's fees.

The suit when originally instituted was styled Samuel Morris, in behalf of creditors of the iron company against the bank. Later, when Mr. Miller was appointed receiver, he was made a party to the suit. The judgment in behalf of the defendant, Miller, and others, has been affirmed all the way through.

Late Tuesday the jury awarded the verdict in the Clark-Flaming case to the defendant.

The bluffer puts up a good front to counteract his lack of backing.

Children's hats will be sold for one-half price, Wednesday, Thursday and Saturday of this week. Clouse & Schaeffer.

PRESIDENT DISCUSSES QUESTIONS

With Chairman of Finance Committee Relating to Tariff Bill

FIVE PER CENT CLAUSE

On Imports in American Owned or Controlled Vessels Will be Dropped—Over Hundred Witnesses from Cotton Sections.

(Associated Press Telegram) Washington, May 29.—Senator Simmons, chairman of the finance committee, definitely announced after a conference with President Wilson today that the proposed five per cent differential on imports in American owned or controlled vessels would be dropped from the tariff bill in the senate on account of protests from foreign nations.

Senator Simmons also declared that objections to foreign nations to the clause to compel foreign merchants to submit their books to an American agent in cases of disputed valuation would be met. In both cases the state department holds that protests are justified. The president upheld that view.

Chairman Simmons also took up with the president questions of equalization of duties on raw materials and manufactured products, among them, flour and pig iron. Mr. Simmons declined to discuss Mr. President's views on those points saying no decision had been reached, but that he had sought Mr. Wilson's advice and would transmit them to the members of the finance committee.

Chairman Underwood of the house ways and means committee when asked about the probable action of the house should the tariff bill come back with an amendment to eliminate the five per cent clause, said that personally he favored the retention of the provision as one of the ways of building up a merchant marine.

"I believe in discrimination in favor of American ships," said he, "foreign nations discriminate in favor of their own ships and I do not see why we should not."

Mr. Underwood did not indicate, however, whether there would be any effort to retain the provision of if the administration raised strong objection.

Senators on the sub-committee of the finance committee working on the cotton schedule of the Underwood bill are said to be ready to recommend some increases in the house rates.

The committee is also expected to recommend some changes in the chemical schedule.

(Associated Press Telegram) Columbus, May 29.—According to its statement filed today with the secretary of state under the provisions of the anti-lobby law, the Ohio Electric railway expended \$538.30 in lobbying before the last general assembly. The money was paid to Frank P. Edson.

Rev. A. S. Gregg of the American Civic Reform Union of Cleveland and Dr. George V. Reischel, reported that they spent \$60 in lobbying for the co-operative white slave bill, and the Cowan sterilizer bill. Today is the last day in which lobbyists have to file their expense accounts.

(Associated Press Telegram) Boston, May 29.—Twelve hundred employees of the B. F. Sturtevant company and the Becker Milling company at Hyde Park struck today. Both companies are controlled by Governor Foss. The strike which was voted last night is to enforce a demand for a 20 per cent wage increase and improved working conditions.

UNWRITTEN LAW FREES CALIFORNIAN OF MURDER CHARGE

(Associated Press Telegram) Vallejo, Calif., May 29.—The unwritten law freed Joe Hoversby, slayer of a man who had been too friendly with his wife, from a charge of murder here last night at his preliminary examination. He previously had been exonerated by a coroner's jury. Hoversby, an employee at the Mare Island navy yard, returned home unexpectedly the night of May 17 and found J. F. Rainey, a navy electrician with Mrs. Hoversby. He shot and killed Rainey and his wife committed suicide immediately afterward. Acting as his own counsel, Hoversby related to the court a simple story of the tragedy, of his happy married life of twenty years with the dead woman and made no other attempt to justify the shooting.

DETROIT ENGINEER

Saved by Physician After He Had Swallowed Ten Grains of Bichloride of Mercury.

(Associated Press Telegram) Detroit, Mich., May 29.—Thomas McCabe, a Detroit engineer, who swallowed ten grains of bichloride of mercury a week ago has recovered. A solution of bicarbonate of soda, injected into his veins by Dr. Andrew T. Sherman saved the life of the engineer who took the poison because B. Sanders Walker, of Macon, Ga., said death from its effects was painless.

"I believe if this preparation is used in such cases a large proportion of them will be saved," said Dr. Sherman. The injection can be made in any vein. I made eight punctures in all, the injections being given every five or six hours. Fourteen draws of bicarbonate of soda in three pints of normal water, was used.

"The thing of most importance administering the treatment is to be certain the solution is absolutely aseptic otherwise the patient would be killed by it."

After swallowing the poison and suffering intense agony, McCabe decided he wanted to live and aided the physician in every way possible.

American Steamer With 1,000 Passengers Ashore Off Rocks of Cork Head

(Associated Press Telegram) Queenstown, May 29.—Two tugs which left the Havford with 700 passengers on board, reached Queenstown this evening. The tug Bellepoint and another tug are still alongside the liner, so there is little doubt that all the passengers and crew will be saved.

The American steamer Havford went ashore today in a dense fog in the vicinity of the rocks off Cork Head.

She is taking water forward and has requested tugs to disembark her passengers.

Overruled Motion To Quash Both of Cox Indictments; Trial Date Fixed by Judge

(Associated Press Telegram) Cincinnati, O., May 29.—Judge Caldwell, of the Common Pleas court today overruled the motions of the defendants to quash both of the indictments returned by the grand jury, charging George R. Cox, former president, and ten other former officers and directors of the Cincinnati Trust company with misuse of the bank's funds.

One indictment, naming nine former

officers and directors, charged them with having destroyed a note for \$152,500 payable to the bank. The other indictment charged eight former officers and directors with having made improper loans, without security, amounting to \$115,000 to the Ford & Johnson Chair company. After delivering his decision Judge Caldwell fixed the date of the trial on the first indictment, charging the destruction of the note, for next Monday.

COURT ROOM PACKED AT MARQUETTE

To Hear Testimony of Notables In the Roosevelt Libel Suit

DAILY STACKS OF MAIL

Being Received by Principals in Famous Trial—Washington Newspaper Correspondent on Witness Stand.

(Associated Press Telegram) Marquette, May 29.—Five witnesses for Colonel Roosevelt, including a relative, a former member of the Rough Riders regiment, a former locomotive fireman, a newspaper man and a former judge, testified today in Colonel Roosevelt's suit for libel against George A. Newett, the Ishpeming newspaper owner.

All of the witnesses, called by the plaintiff, asserted that the "Colonel" was only a moderate user of intoxicants. The substance of the testimony as given by Philip Roosevelt, a young son of the Colonel's cousin, Charles Willis Thompson, a New York man, Andrew Abele, a former locomotive fireman, Edwin Emerson, a Cuban Rough Rider campaigner, and A. Z. Blair, a former Common Pleas judge of Ohio was, that during his campaign in Cuba with the Rough Riders, Colonel Roosevelt drank only black coffee or water, and never liquor of any kind.

That, during his political campaign, the Colonel drank champagne only occasionally and never to excess. That, while Colonel Roosevelt kept a large supply of wines at his home, he never indulged in them immoderately.

"He kept a regular gentleman's cellar," Philip Roosevelt said. Colonel Roosevelt, as usual since the beginning of the hearing, listened with the keenest interest to the witnesses' denial that he frequently "got drunk" as charged in the editorial published by the defendant.

Gifford Pinchot, chief forester in the Roosevelt administration, at the afternoon session testified to the temperate habits of the plaintiff.

(Associated Press Telegram) Marquette, Mich., May 29.—George Shiras, host of Theodore Roosevelt, who is suing George A. Newett for libel in the Marquette court with the plaintiff and defendant is receiving a daily mail every day owing to the prominence given the case in newspapers.

Those to Shiras are mostly begging letters probably inspired by pictures of his big home here.

One of them asked him for money to pay an installment on a farm. Those to Mr. Roosevelt and Mr. Newett for the most part are full of advice as to how the case should be conducted.

Additional witnesses for the plaintiff will be heard today. Tomorrow, Memorial Day, will be observed as a holiday. Colonel Roosevelt has under consideration a pressing invitation to address the veterans.

MRS. PANKHURST AGAIN TRYING TO FORCE RELEASE

(Associated Press Telegram) London, May 29.—Mrs. Emmeline Pankhurst, the militant suffragette leader, has taken no food since she was re-arrested and taken to Holloway jail.

She is said to be in a very weak state owing to the reduced vitality consequent to her previous "hunger strike," which lessened her powers of resistance. According to suffragette leaders, her release may be expected at any hour.

George A. Newett, Who Said Roosevelt Got Drunk

The fact that George A. Newett, publisher of the Ishpeming (Mich.) Iron Ore, has a big contract on his hands to prove that Colonel Roosevelt "got drunk frequently," has not worried him. He made the charge in his newspaper during the heat of the campaign when the Bull Moose men were showing great strength in Michigan. The Colonel filed suit for \$10,000 damages, not because he wanted the money but because he wished to vindicate his reputation.

With a host of witnesses, Colonel Roosevelt arrived in Michigan Sunday. A half dozen men known to fame, such as William Leach, Jr., his private secretary when President; Robert Bacon, former ambassador to France, and Truman H. Newberry, former secretary of the navy, who have known him intimately, went to testify they had never seen him under the influence of liquor.

DENISON TRUSTEES

Will Consider President Emory W. Hunt's Resignation at Meeting in Granville in Two Weeks.

Mr. G. M. Peters of Cincinnati, president of the board of trustees of Denison University, in an interview Wednesday night said.

"I received Dr. Hunt's resignation Tuesday afternoon. It was brief and entirely satisfactory and sent in very excellent spirits. There has been no trouble of any kind, as there is the utmost kindness on both sides. Dr. Hunt had contemplated resigning for some time on account of his health. As yet no one has been considered as Dr. Hunt's successor. The regular annual meeting of the board will be held in about two weeks at Granville, at which time, if the standing committee on instruction has a name to present we shall consider it."

BIG NAVAL PARADES ON PROGRAM

For Decoration Day and Dedication of the Maine Memorial

FORMER PRESIDENT TAFT

Will Deliver Principal Address—Many Notables Will Be Present—Cuban Cruiser to Participate.

(Associated Press Telegram) New York, May 29.—Three naval

parades, the presence of the three battleships, the dedication to those who died in the explosion of the battleship Maine, an unaccounted number of memorial exercises, a crowded program of sporting events and the promise of fine weather, made it appear that New York will have a full measure of reverence and pastime for Memorial Day.

Besides the usual parade of grand army men, whose ranks will be thinned to 12,000 marchers this year, accompanied by 1,030 militiamen, there will be a military and naval parade in which sailors from the cruiser Cuba, the pride of the island republics navy will march with blue jackets from the twelve American battleships here, and with soldiers from the local garrisons.

This parade will precede the dedication of the Maine monument of the Columbus Circle entrance of Central Park, where former President Taft will deliver the principal address. Josephus Daniels, secretary of the navy, William T. Thaw, of Maine and Governor William Sulzer of New York, will be other speakers.

The third parade of the day will be that of work horses, a procession that has been arranged regularly on Memorial Day for the past seven years, by the women's society for prevention of cruelty to animals.

The protected cruiser Cuba arrived early today bearing representatives of the Cuban government, army and navy to pay tribute here to the memory of the United States sailors who perished when the battleship Maine was blown up in Havana harbor fifteen years ago. By special permission from the state, as in such case the Cuban soldiers will be welcomed ashore in uniform tomorrow to participate in a parade preceding the dedication of a monument to the Maine's dead.

The welcoming of booming guns from twelve dreadnaughts of the United States North Atlantic fleet, awaited the visiting warship when she proceeded from the quarantine station up the Hudson river anchoring under escort of the gunboat Yankton to be hoisted later in the day by an official reception commission and to send ashore her own delegation of three special envoys to pay respects to Mayor Gaynor.

In addition to the three envoys and the usual naval force the cruiser brought a battalion of coast artillery and a military band to participate in the parade. The men include both whites and blacks, discrimination as to color having been ruled against by President Menocal.

BAD HEADACHE

Suffered by Negro After Being Hit on Head With Brick Dropped From Tenth Story.

(Associated Press Telegram) Washington, May 29.—William Moore, a negro awakened today with a bad headache while physicians expected that he would have been occupying space in the morgue. He stopped a brick yesterday after it had fallen ten stories and was travelling with the velocity of a cannon ball. When it hit Moore on the top of his head it broke into bits. Moore sat down suddenly and apparently was a subject for the coroner.

Workmen on the building from which the brick dropped sent hurriedly for a physician. Before the doctor arrived Moore sat up.

Workmen on the building from he demanded angrily of a workman who was bending over to catch the apparently dying man's last words.

Cases Against Ex-State Treasurer Cameron and Cyrus Huling Dismissed

(Associated Press Telegram) Columbus, O., May 29.—By sustaining the demurrer to the statements of facts agreed upon by the prosecution and the defense, Judge E. B. Kinkead of the criminal division of the Franklin county common pleas court today dismissed the cases against former State Treasurer Isaac B. Cameron and former President Cyrus Huling, of the Columbus Savings and Trust company who were charged with the misappropriation of state funds.

In brief, Judge Kinkead's decision is that the legislature in passing the statute under which the indictments were brought, had no intention of punishing public officials for using public funds so long as they did not do away with them, and that all the laws similarly related were passed for the purpose of insuring the safety of state funds, and to punish those who lost them.

ALLIES TO SIGN TREATY

Peace Delegation for Various States Reaches an Agreement

WANT NO MORE DELAY

Would Rush Negotiations Over Division of the Spoils of Victory—Servian Delegate Authorized to Act.

(Associated Press Telegram) London, May 29.—It is practically

certain that the treaty of peace between the Balkan allies and Turkey is to be signed at the British foreign office by the peace delegation for the various states concerned. Bulgaria and Turkey have both definitely decided to sign the document in deference to the wishes of Sir Edward Grey the British foreign secretary and there is little doubt that the other three allies, Serbia, Greece and Montenegro, will do likewise.

Greece and Serbia desire to add a protocol to the treaty as drafted by the European powers dealing with the question of amnesty and the conventions to be negotiated after peace shall have been concluded.

Bulgaria however objects to the addition of this protocol as she regards it as likely to leave the door open for further consideration and she has determined to sign the treaty of peace with Turkey without any more delay and so to clear the field for the very grave negotiations she will have to undertake with her allies over the division of spoils of victory.

In Sofia the speech made by the Serbian premier yesterday in the parliament at Belgrade when he explained that Serbia desired a modification of the treaty with Bulgaria regarding the division of territory is believed to have destroyed the hope of a peaceful settlement of the Serbian and Bulgarian dispute.

The principal Servian peace delegate in London at noon today received a dispatch from his government authorizing him to sign the preliminary treaty of peace with Turkey.

Prosecution About Ready To Close Its Evidence in Dynamite Conspiracy Trial

(Associated Press Telegram) Boston, May 29.—Only a few witnesses remained to be examined by the prosecution today before closing its presentation of evidence in the dynamite conspiracy trial.

Oville L. Reddig, a chauffeur, formerly employed by William M. Wood, president of the American Woolen company appeared in court this morning. He had been sought vainly for several days as a witness for the state. The state has repeatedly intimated an intention to establish that Reddig

drove one of Wood's automobiles on a mysterious errand the night of January 19, 1912, when the dynamite was planted.

Reddig said that he had not been in Wood's employ since last November. He recalled his movements on the night of January 19, 1912. He remembered the date, he said, because it was his birthday. That evening he drove Atteaus in a touring car from Boston to Andover. He spent the night at his own home. He did not take out his car the next morning so far as he could remember.

Frank Chance picked up a star young pitcher this season in Ray Keating, but he was not expected to be such a winner as Schulz, the young southpaw pitcher from Savannah in the South Atlantic League.
Schulz seems to have all the stuff in the world, but is unable to pull through a full game. Last season he won 25 games and lost 12, striking out 318 batters. With all this ability he should pull through safely.

CIRCUS PARADE POSTPONED ONE HOUR BY REQUEST
The recent announcement of Gentry Brothers parade at 10 a. m. on Decoration Day was disconcerting to the soldiers and their friends who like to have nothing interfere with the memorial day exercises. Thinking he might have the hour of the parade changed by bringing the matter to the attention of the management of the show, Col. Cliff H. Rosebraugh wrote a letter to Gentry Bros. on the 26th inst. and has received a prompt reply from Mr. W. L. Wilken, manager, thanking him for having called attention to the Decoration Day parade and gladly postponing the circus parade until 11 a. m.
Owing to the soldiers parade, the circus parade tomorrow will not leave the show ground until 11 a. m.

SURGEONS WILL TREAT TREES AT COUNTRY CLUB
Trees at the Country Club grounds, regarded as some of the finest in the country, will receive the attention of expert tree surgeons this summer. W. S. Fulkerson, manager of the Ohio Tree Expert Company of Columbus, this morning closed a contract with the management of the Country Club to go over the trees, trim them properly and remove any decayed substance, filling the cavity with cement.
Mr. Fulkerson and his surgeons last year went over the trees in the court house park, placing them all in splendid condition. These trees now show the benefits of such attention and are all thoroughly healthy.
The same company has recently worked on the difficult task of saving a giant elm tree at Mt. Vernon. The tree sets well out in the street and has been surrounded by the street paving, which has seriously interfered with the vitality of the big tree.
The work at the Country Club will begin Monday, June 3.

READY FOR THE DILLON-KLAUS MATCH TONIGHT
(Associated Press.)
Indianapolis, Ind., May 20. Frank Klaus of Pittsburgh and Jack Dillon of Indianapolis, both champions for the middleweight boxing title, are scheduled to fight ten rounds at the American Association baseball park here tonight. Klaus obtained a decision over Dillon in a twenty round bout in San Francisco a few months ago.
The boxers are to weigh in at 160 pounds at 3 o'clock this afternoon and both said they would have no trouble in making the weight. They are evenly matched and have trained hard for the fight, as they declare the winner will be the logical claimant to the title of middleweight champion.
The betting has been at even figures while a little more Dillon money is being offered than Klaus.

A score of Newark lovers of the boxing game will witness the contest tonight and remain over for the auto races at the Speedway on Decoration Day. A number of Newarkites in machines left Wednesday night for Indianapolis and several left this morning via the Pennsylvania.
Mr. Charles Henry of this city received a ringside seat from the management of the Dillon-Klaus bout, asking him if he would kindly consent to act as the ringside as a substitute referee in case his services were needed. The Newark referee accepted and left for Indianapolis Thursday morning. Mr. Henry and Dillon are very good friends, the former having officiated in the ring with Dillon on several occasions.
The fight will be watched with interest by Newark sports, especially those who have followed Dillon's career in the last several years. Dillon has a number of warm friends here, having made them when the game was allowed to "go" in this city several years ago. That he is attested by the fact that when he appeared in Co-shooton a couple of months ago over half a hundred journeyed to that city to watch the Indianapolis boy in action although they well knew the affair would be all one-sided.

POLICE SEARCH FOR OWNER OF MERCHANDISE
The police department is hunting for the owner of a basket of merchandise which was picked up nearly a month ago in East Main street. Patrolman Powles finding the basket in the middle of the street. The basket contains a pair of new shoes, woman's black stockings, several pairs of socks, two pint bottles of whiskey, a couple of dressing sacks, a package containing drugs and a sack of candy. Why it was never called for or any inquiry made is a mystery to the officers. The merchandise probably represents an expenditure of several dollars, most of the stuff being of considerable value to the owners.

CHANGES MADE IN FORMATION OF THE PARADE

Some slight changes have been made in the formation of the parade tomorrow. The committee in charge of the affair has announced that the various organizations will take the following places in the parade:

Platoon of Police.
Grand Marshall and Staff.
Drum Corps.
Co. G, 4th Reg., O. N. G.
Lemert Post G. A. R.
Union Veteran Legion.
Spanish War Veterans.
Sons of Veterans.
Civil Organizations.
Carriage with Speaker and Chairman.
Women's Relief Corps with Flower Girls.

Though time has taken toll of the veterans of the Civil War, those who remain have been showing their usual activity in planning for the suitable observation of Memorial Day. Carrying out the program as approved by the various patriotic organizations to participate, Friday will be a busy day for members.

The ceremonies attending the annual memorial observation to honor the soldier and sailor dead will begin early in the morning, when at 7:15 a squad of veterans will assemble at Memorial Hall and march to Mt. Calvary cemetery to decorate graves. At 9:15 the general parade will leave the public square for Cedar Hill cemetery, where various squads have been assigned to decorate graves. This will consume the entire forenoon.

The marching of police and military organizations will be the feature of the morning.

In the afternoon at 2 o'clock exercises will begin in Memorial Auditorium, when a program of strictly patriotic and memorial nature will be given, featuring the annual memorial address by Department Commander of Ohio Rev. C. W. Blodgett of Cincinnati.

MT. VERNON HIGH GETS MESSAGE TO POSTPONE TRIP

The tales are in a conspiracy to prevent the great ball game between Newark and Mt. Vernon High schools. It was postponed again today and it is problematical now as to what date will be set. It was the weatherman today who interfered. It was seen early this morning that the rain would make the grounds unfit and a telephone message was sent to the management at Mt. Vernon, calling off the game. Next Monday may be decided upon but another date may be set.

EXPLOSION IN FACTORY OF ITALIAN

(Associated Press Telegram)
Cleveland, O., May 29.—A charge of nitro-glycerine was exploded in a wall of the three-story brick macaroni factory of Cosma Catalano at 1025 Sewell avenue early today, but although it was of size sufficient to have wrecked the building, it was so placed that it only did a small amount of damage. The home of Jos. Schmitt and the art workshop of Henry Meyer, just across the alley, were wrecked.
Catalano could give no reason for the explosion. He says he has received no threatening letters, nor has he had any trouble with employees.

Mrs. Ida Doughty, Newark, national representative for this district, participated in the ceremony.

The balance of the class of twenty-one new members will be initiated into the order June 11.

GYPSY TRIBES BREAK CAMP AT WAGRAM

Camp Chase, the meeting place of 200 gypsies of Brazilian nativity, is a thing of history. The tribe broke camp and took their departure from their meeting place between Etta and Wagram, on the Ohio Electric line, Thursday morning, after having been in "convention" for nearly three weeks. They will meet again sometime in September near Atlanta, Ga.

Members of the band who passed through Newark Thursday forenoon said that King John Williams had begun his journey Southward toward his Georgia home, taking with him his aged father, King George Williams, said to be 112 years old.

Other members of the band went in various directions, some bound for the Pacific coast and others going north and east. The nomads transacted little or no business during their convention, but devoted the time to social chatting, smoking and disposing of numerous kegs of beer.

The two wagons which passed through Newark were en route to Eastern Pennsylvania, and announced that they would go on to the East, while the others would take a southerly course.

During the stay of the gypsies their camp was the point of attraction for hundreds of visitors from the neighboring country and points as far distant as Newark and Columbus, where the curious enjoyed observing the native customs of the nomads, and incidentally indulged in the fortune telling hobby to an extent that made their visits welcome to the women of the tribe.

NO VERDICT REACHED YET IN GIBSON CASE

(Associated Press Telegram)
New York, N. Y., May 29.—After hours of deliberation, the jury in the case of Burton W. Gibson, the New York lawyer, charged with the murder of Mrs. Rosa Szabo, his client, had reached no agreement at 5 o'clock this morning. A crowd waited at the court house all night in expectation of hearing a verdict but as the hours passed without the appearance of the jury, it became the general opinion that another mistrial of the case would be the outcome as it was last fall.

POLICE ORDER GYPSIES OUT OF THE CITY

Four wagons of a gypsy band passed through the city Thursday morning, hesitating only long enough to have one of the horses fitted with new shoes. The party was camped near Sixteenth street but were ordered by the police to move on. Reaching the city one of the drivers refused to move further until his horse was fitted with shoes. The party claims Oklahoma as their place of residence and they assert that they are American Indians.

COURT ROOM

York, for nine years a Washington correspondent, and since 1908, a political writer for a New York newspaper, testified next.

"As Washington correspondent," he said, "I used to go to the White House to see Mr. Roosevelt. I saw him usually alone, some time in morning and some times in the afternoon, usually in his office, but some times, when, in order to lose not a minute in his work, he received visitors while lying in a barber chair. I never detected the odor of liquor on his breath. I never saw him in the slightest degree under the influence of liquor and never saw his manner in any way changed from its ordinary one."

"Ever go on any trips with him?"
"I was with him on his 11,000 mile swing around the circle last year, which lasted a month. I afterward joined him at Mercy Hospital, Chicago, when he was shot, stayed there until he went to Oyster Bay. Went there with him and stayed there until shot. Two weeks after he was shot in Milwaukee he went to New York, on two occasions to address large mass meetings, and I went with him and reported them."

"On these trips did you see much of him?"

"I saw him constantly all hours of the day and night, and never saw him take a drink or be affected by liquor. Whenever he left the car I followed him."

"Did you ever see him take a drink?"
"Only at dinners of the Gridiron club, when he had a glass of champagne in front of him. He would occasionally take a sip from it. Nearly all the time, though, he was too busy talking or watching the stunts performed by the Gridironers. He was always expected to make a speech on this occasion and they were among the best he ever made. He always left the dinners when they were about half over to go back to the White House to his work."

Asked whether there had been any discussion in Washington of his drinking habits, the witness replied: "I never heard it discussed during the seven years that he was there. If it was discussed it must have been outside of Washington, and it was my business to know every rumor that was floating round in that city. It was what I was there for."
"Could he have got drunk on the train without your knowledge of it?"
"He could not even have been slightly affected by liquor without my knowing it either on the trip or at Oyster Bay." The witness testified that on the trip to San Francisco, the railroad company by order of the Colonel's representatives did not put the usual stock of liquors aboard the private car.

The newspaper man testified that during interviews with the then President they would sit by side or standing the President would put a hand on his shoulder.
Mr. Pound asked him if Colonel Roosevelt ever used profanity.
"Never."
"Did he ever use obscene language?"
"No one dare utter an obscene word in his presence."

Andrew W. Abele of Ironton, Ohio, a former coal miner and later a locomotive fireman, described a trip he made with Colonel Roosevelt up Lookout Mountain at Chattanooga, Tenn., in October, 1902. The witness said he became acquainted with the Colonel at the convention of the Brotherhood of Locomotive Firemen, at Chattanooga. Later he met him at Huntington, W. Va.

"How was it you came to go up the mountain?"
"The Colonel was starting up and as we were talking he said, 'Boys, come along.'"
"You walked about the top of the mountain with him?"
"Yes."

"Did you observe whether or not he had been drinking liquor?"
"I knew he had not been drinking." Abele said the Colonel addressed the Locomotive Fireman's convention at Huntington and was not under the influence of liquor.

The witness said as a member of a reception committee he accompanied the Colonel's train from Ironton to Portsmouth, O.

"At Portsmouth, about how long a speech did Colonel Roosevelt make?"
"About five or ten minutes."
"Where did you then go?"
"To Waverly. He spoke from the train, five or ten minutes."
"Where next?"
"Chillicothe."
"Where did he speak?"
"In the public square, about fifteen minutes."

The witness told of other stops made at Hampden and Jackson. A photograph taken at Jackson was introduced and the witness was asked if it correctly illustrated the Colonel speaking, and the crowd.

"It does," was the reply.
The photograph was then shown to the juryman. It pictured the Colonel standing on a platform with arm stretched out against an upright.

"Where did you go from Jackson?"
"To Wellston."

Then exhibit four was presented, another photograph, but the witness could not remember where it was taken. The next stop was made at Athens, and Colonel Roosevelt made an address from some public building.

"Where did the Colonel stand when he spoke?"
"On the steps. There were several persons there with him."

The Colonel spoke at Lancaster about 25 minutes, witness said, and then went to Columbus.
He said he was in the Colonels car from 8 a. m. to 6 p. m. constantly.

"What did the Colonel drink in the way of spirituous liquors?"
"Not a drop."

"Did you personally hear every speech the Colonel made that day?"
"Yes."

"Did he appear intoxicated at any time?"
"Absolutely not."

The witness and Attorney Andrews got into a lengthy argument as to the dates 1892 and 1902. In 1892 Abele was a locomotive fireman and in 1902 he met Colonel Roosevelt at Lookout.

"Do you mean to say that you met Colonel Roosevelt in 1892, nearly a quarter of a century ago?" asked the lawyer.

"No, I do not say that," responded Abele.

"You were a fireman in 1892 and went into the shoe business that year?"
"Yes."

"Well, did not you tell this jury that you met Colonel Roosevelt as a fireman?"
"I did."

"But you quit firing in 1892 you say and met the plaintiff ten years later?"
"I still maintained my membership in the Brotherhood as a fireman."

"Didn't you intend to impress the jury that you were a locomotive fireman in 1902?"
"I certainly did not."

Witness returned several sharp answers until the court ordered stricken out matter pertaining to "intention." The next tangle concerned the exact place where Colonel Roosevelt spoke at Jackson, Ohio.

"It was a kind of park, I don't recall exactly," said the witness.

"Where was it in the town?"
"Well, it was on the outskirts."
"Where, what street?"
"Will you let me explain?" said Abele.

"Can't you tell this jury where the park was, Jackson is a small town. You can't get lost there, can you?"

Judge Flanagan interposed to let the witness explain and the latter using a blunt forefinger, traced a line along the railing in front of the witness chair and said it represented the railroad tracks.

After the recess A. Z. Blair of Portsmouth, O., former judge of the Common Pleas court in Ohio, who two years ago disfranchised several hundred voters in Adams county, Ohio, for illegal voting, testified he first met Colonel Roosevelt at Ironton, O., last May. He accompanied the Colonel to Portsmouth on the special train on which Colonel Roosevelt was traveling.

At Portsmouth and Ironton Mr. Blair said Colonel Roosevelt spoke about 30 minutes.

"How close to the Colonel were you when you were on the train with him?"
"I was sitting at the breakfast table with him talking."

"From your personal contact with him, from his breath, from his actions, what do you say as to Mr. Roosevelt's sobriety or inebriety?"

"There was nothing to indicate that he had been drinking, or that he was in any condition other than sober."

"What was his physical condition? I mean as to drinking? Whether he was sober or drunk, you would say he was?"

"He was sober."

When witness was turned over to the defense Attorney Holden contented himself with showing that the witness was not in the hall where Colonel Roosevelt spoke and the witness was dismissed.

GAME TO THROW DUST IN EYES OF THE PEOPLE

Certain interests styling themselves "friends of the Smith law" have inaugurated a movement designed to discredit the state administration in the eyes of owners of visible property, on the untenable assumption that something untoward has happened to the One per cent law and that direful consequences are about to be experienced by the tax payer.

It is a movement to throw dust in the eyes of the people, and under cover of this temporary blindness these interests plan to put into execution the schemes they have to rehabilitate themselves and to make certain the incomes they have enjoyed in the past at the expense of a most unfortunate class of citizens.

The same gentlemen who in the interest of foreign insurance companies, are inveighing against the Workmen's Compensation law—the greatest and most humane piece of legislation ever enacted in this or any other country—are behind the movement to start referendum petitions against the Kilpatrick act removing the 1910 limitations from the Smith tax law and the Warnes act, substituting appointive for elective assessors.

It is the old plan of assembling the opposition under one banner, and is often successful unless its incongruous and sinister character is detected in time. The propaganda of these interests with respect to the tax and workmen's compensation laws is not likely to foil any considerable number of thoughtful taxpayers. The latter know that while a previous State Democratic administration created the One per cent tax rate act, the present administration saved the law by having amendments written into it, thereby correcting defects that totally destroyed the restrictions that had been set up against extravagance. Experience taught those entrusted with administering the Smith law that the elective assessors were a handicap instead of a help, and that if the equitable values of property, necessary to attain desired results, were to be secured, the system of

selecting assessors must be changed. The recommendations of the State Tax Commission were followed in the Warnes law, which provides for the appointment of these local assessors.

From what we know of modern day reporting we imagine that the first reports from the ark were to the effect that the vessel had sunk carrying down all on board.

If the jury finds the defendant guilty the verdict is generally satisfactory. The people are untiring in their efforts to establish guilt, but they are not much interested in innocence.

There is an agreement among the people who are making their millions from commercialized vice, that it is not proper for this subject to be mentioned or discussed by respectable persons.

Mr. Taft is going to become a voter in Connecticut, but under the laws of the state the authorities propose to see if he can read the constitution before putting his name on the list.

Memorial Day Proclamation.
(By F. M. Swartz, Mayor of Newark.)

Each recurring year only emphasizes in the hearts and minds of loyal, patriotic Americans their debt of gratitude to those thousands of heroes whose suffering, sacrifice and death made possible the heritage we enjoy today. One day of each year dedicated to their memory serves to strengthen within us the impulses which rouses them to deeds of bravery and ultimate victory. Placing flowers, the emblems of our love on their graves typifies to both old and young that unselfish devotion to one's country is still the noblest of human sentiments.

Friday, May thirtieth, is the day designated to this memorial service. That the true spirit of the occasion may be manifested, I urge all citizens of Newark to unite with the Grand Army of the Republic and other patriotic bodies in exercises befitting the day's significance. To this end I direct that, so far as practicable, all business be suspended that the City offices and all other public buildings be closed with their flags at half mast, and that all citizens decorate their homes with the national emblem, particularly those along the streets that lead to our cemeteries, where exercises will be held in commemoration of this great day.

Uncle Walt's Philosophy

AT THE FINISH

Oh say, what is this thing called Fame, and is it worth our while? We seek it till we're old and lame, for weary mile on mile; we seek a gem among the hay, for wheat among the chaff; and in the end some heartless jay will write our epitaph. The naked facts it will relate, and little else beside: "This man was born on such a date, on such a date he died." The gravestones in the boneyard tell all we shall ever know of men who struggled passing well for glory, long ago. They had their iridescent schemes and lived to see them fail; they had their dreams, as you have dreams, and all of no avail. The gravestones calmly tell their fate, the upshot of their pride: "This man was born on such a date, on such a date he died." The great men of our father's time, who live on each brow, the theme of every poet's rhyme—where are those giants now? Their names are written in the books which no one ever reads; and on the scroll—where no one looks—the record of their deeds. The idler by the churchyard gate this legend hath espied: "This man was born on such a date, on such a date he died."

Wisdom from Washington

By ARTHUR W. DUNN.

Washington, May 30.—[Special.]—Decoration day is a real holiday for songsters, and outside of Christmas and New Year's, when there is an adjournment of two weeks, it is the only holiday which is really respected by the legislative branch of the government.

There has never been an opportunity to test the matter on Labor day, but it is probable that congress would also respect that holiday and not hold a session. Washington's birthday and the Fourth of July are work days when congress is in session, but Washington and the men who made the Fourth of July have no near relatives to keep their holiday green or at least exempt from a congressional session.

It is a tribute which is paid to the soldiers of the civil war this recognition of Decoration day by congress. More than that, a great many prominent members of congress are usually called away to deliver addresses on that day. At all events congress always adjourns over.

Bourne Is Not Forgotten.

By conducting hearings on railway mail pay, by seeking an adjustment of second class mail rates and by considering good roads legislation former Senator Bourne, who is chairman of commissions on all these subjects, keeps from being forgotten. Besides, he does not allow many weeks to pass without saying something about the work he is doing.

Just now the good roads proposition seems to greatly interest him, and he has figured out that a feasible plan for good roads will add \$100,000,000,000 to the national wealth, add forty billions to the value of American farms and save a hundred billions to the farmers. Of course these are staggering figures, but good roads advocates deal in large figures.

Never Will Get Through.

Senator Nelson's proposition to amend the constitution so as to allow a president to veto items in an appropriation bill while allowing other items to become law, ought to have been provided in the constitution originally, but now such a change can never be made. It is too good and too useful, and it strikes at the very essence of compromise and "pork barrel" legislation.

Too many members and senators know that such a change would enable a president to drop out much that smells of "pork" in bills which come to him, and they know that the only way they can get that "pork" is to combine and put it in different appropriation bills.

They Shy at Currency.

"Do you propose to pass currency legislation?" ask those who have heard rumors to the effect that President Wilson is rather anxious to have something done. "Why, it will keep us here all summer," they plaintively remark. Of course, but if they were not here all summer they would be drawing their salaries. Their clerks would be drawing salaries, the employees of congress would be drawing salaries and the people may want these men to pass currency legislation if such legislation is necessary.

Came From the South.

Both Senators Newlands and Pittman are natives of Mississippi, so also are Chamberlain of Oregon, Clarke of Arkansas and Gore of Oklahoma. That is quite a number of statesmen from one commonwealth. Three senators, Shafroth of Colorado, Myers of Montana and Catron of New Mexico are natives of Missouri.

The south has quite a number of her sons serving northern states in the senate.

Swam Mile Carrying Stolen Plunder

[ASSOCIATED PRESS TELEGRAM]

Washington, May 29.—Dried out after his swim of more than a mile in the Potomac river in which he outdistanced the police, William Lewis was arraigned in police court today charged with having sought to dispose of a quantity of lead pipe and lead fittings. The young man's feat was all the more remarkable in that in diving from the dock to escape two policemen, he carried his heavy plunder with him. Although the policemen took up the chase immediately Lewis swam so valiantly that he landed at the government navy yard and escaped. He was captured later.

ATTRACTIVE HAIR

The Elements That Make Beautiful Hair Found in Parisian Sage.

If your hair is not as soft and beautiful, or as fresh and full as that of some friend whose hair you admire, don't give up and think you can't help it.

Do what she does—take care of your hair. It needs daily attention just as much as your plants need watering.

If your hair is too thin, make it grow like any other plant. If it is too dry and brittle soften it up—lubricate it. If you have dandruff it is because the scalp is too dry and flakes off. Freshen up the scalp and dandruff will go.

Parisian Sage is just what you need to make your scalp healthy, and free from dandruff—your hair wavy, lustrous and abundant.

Get a fifty cent bottle at the drug-gists or toilet counter. Just pour a little of the liquid on a cloth or sponge and rub lightly over the hair, taking a small strand at a time. Rub a little into the scalp.

Parisian Sage so applied stops itching head, dissolves the dandruff, cleanses the hair of dust and excessive oil, takes away the dryness and brittleness, makes it seem twice as abundant and beautifies it until it is soft and lustrous.

You cannot be disappointed in Parisian Sage. Get a bottle today from Evans' Drug store and try it.

If he doesn't have to do it until next year the average man will promise anything you ask.

Daddy's Bedtime Story

The Little Horse That Lives In the Sea.

Only Tiny Mermaids Could Ride Sea Horses.

"THERE, now," said daddy; "sit very still while I tell you a story about the little horse that lives in the sea."

Jack and Evelyn opened their lips. They were just about to object to daddy making the mistake of saying horses lived in the sea. Then they thought better of it. They closed their lips and made ready to listen to what he had to say.

"I shall begin by telling you that the little horse that lives in the sea doesn't look at all like the horse that lives on shore."

"He is small—so small that the mermen and mermaids must be very tiny indeed if they can ride about on his back. He hasn't any feet, and he gets about by swimming through the water by means of his two small fins and his long curly tail."

"But mostly the sea horse doesn't swim about at all. He stays at home, for he is not a very good swimmer. He makes his home in a grove of seaweed, where he can find the little sea animals on which he lives. These groves are found in shallow water near to shore, and the sea horse hangs on to one of the weeds as hard as he can lest a strong current should carry him out to sea, where he would be lost or gobbled up by some of his big enemies. The sea horse isn't much of a swimmer."

"As the sea horse has no hands, he holds on by means of his tail, which is quite long and thin and which he can curl around anything he pleases. When among the weeds he is near the food he likes."

"The sea horse is brown, so that he looks just like the seaweeds among which he lives. All over his little brown body are rough spines that help to keep him safe from his enemies. It is only the sea horse's head that makes one think of a land horse."

"Though he is a fierce little thing where other small creatures are concerned, the sea horse is the best of fathers, while Mrs. Sea Horse is not a very good mother. She lays her eggs and then goes away, seeming not to care what becomes of her babies when they hatch out."

"But then most fishes are rather careless parents. However, Mr. Sea Horse makes up for his wife's thoughtlessness. He has a little brown pocket on his body, and he takes the eggs into this and carries them about until the baby fishes hatch out. Then I'm afraid Mr. Sea Horse soon loses interest in the babies."

"The stories tell us that old Neptune, king of the sea, rides around in a sea shell carriage drawn by sea horses. It must take a lot of the horses to draw him if the king is any size."

GENTRY BROTHERS SHOW COMES TO NEWARK TOMORROW

The only company of soldier ponies in the world is coming to this city Friday, May 30 with Gentry Brothers shows. These little animals, in addition to being selected for grace and beauty, were chosen for their intelligence from among hundreds of their kind at the great

different formations in company drill is a task accomplished only after years of effort.

This company of ponies has its captain, just like real soldiers. Their drill is exactly that of the regular army for militia companies. That these equine wizards enjoy their work is demonstrated by their will-

stock farms of Gentry Brothers in Indiana.

The little horses march, counter-march, form two and four, and drill as perfectly as any company of soldiers. Their performance is evidence of what can be accomplished by patience and kindness with dumb animals. To educate them to work by the wave of the hand, and execute

inches to act quickly.

The ponies are but one of the many features with Gentry Brothers shows this season. Allied with them in presenting the biggest exclusively trained animal shows are creatures of many kinds, ranging from the elephant to the common house cat. For Newark only admission is reduced to twenty-five and thirty-five cents.

SEVENTH SPRING MUSIC FESTIVAL AT GRANVILLE, O.

"Th' Redemption," Sung by Engwerson Choral Society Wednesday Evening—Tuesday's Program.

Granville, Ohio, May 29.—The first of the concerts for the May festival was given on Tuesday evening, the 27th. Although there was not a very large crowd present, the concert was most delightful in its entirety. The program consisted of numbers by the chorus, interspersed with solos.

The evening's program began with two selections by the Engwerson chorus, "Daybreak," by Fanning and "The Waves Were Dancing Lightly," by Kucklen, which were given in a charming manner and showed the careful training of Prof. Wood. Another group consisted of the "Legend" by Tschalkowski, a very pretty bit of song, and "My Love Dwelt in a Northern Land," by Elgar. At the close of the program the chorus and soloists sang the cantata "Fair Ellen," by Max Buch. The chorus work throughout was exceedingly good, with splendid attacks and fitting coloring and phrasing.

The Choral society presented a trio of soloists among which was a grand opera singer and also a teacher of much repute. The soprano, Mrs. Harrington, gave a very delightful group of songs, the most popular of which was the "Little Gray Dove," by Saar. Mrs. Harrington has a good soprano voice though at times one gets the impression of unwieldiness and a slightly shrill quality. Her softer tones were excellent.

About the tenor. We are certainly very lucky being able to procure a tenor like Mr. Walter C. Earnest. Mr. Earnest made a very good impression upon a Granville audience at his first appearance here, and so they were expecting big things from him again. Mr. Earnest has an almost lyric voice with great sweetness and purity of tone. In enunciation nothing more could be desired. He sang two groups of songs, and it was hard to pick out the best. He was forced to repeat the "Fairy Pipers," a bit of lyric by Bremer, and after his last number "Rider of the Forest," by Bullock, was called back for an extra number for which he chose Tschalkowski's "Pleading," and which he sang with much sweetness and touching pathos.

Last but not least we come to our big Kellerman. Mr. Kellerman needs no introduction to Granville, having appeared here twice before and now a fast favorite. His voice is even bigger than he himself and is capable of the daintiest mezza voice as well as the larger dramatic needs. He sang to a rousing "Mamma's Song," by Harrier Ware, and his rendering of "My Love's Like a Red, Red Rose" by Carl Paize Wood proved that our professor of music is producing some very dainty bits of song. His last number "On the Road to Mandalay," by Suckas was the favorite of the evening, and Mr. Kellerman was forced to respond to an encore for which he sang Nevin's Rosary.

In all the concert was fine and deserved a more liberal backing than it received.

The second concert was given on Wednesday evening. The "Redemption" is a very majestic piece of music for the most part, and perhaps giving an impression of the sameness if it were not for the different effects that can be produced.

The work of the chorus was exceptionally good, they following Prof. Wood's direction with exactness and precision. The climax of the chorus work was reached in that much used but ever impressing

chorus, "Unfold, ye Portals." The attacks of the chorus were good and the amount of volume was surprising, even though not exceedingly well balanced. Much credit is due Prof. Wood for his careful work and his masterful handling of ensembles.

A special semi-chorus assisted in some of the smaller choruses and their work was very pleasing. A trio composed of the Misses Swartz, Haggard and Summers sang with a fine spirit. A quartet composed of Misses Swartz and Summers, and Messrs. Williams and Babb sang the quartet parts very well, although not as well balanced as would have been possible.

Not much more can be said concerning the soloists. Mrs. Harrington did her work in a very pretty manner. Mr. Earnest took the heavy tenor roles in an exceedingly pleasing manner, and again made a place among Granville music lovers as a tenor with a very pleasing voice and a voice adapted for the heavier roles in oratorio. Mr. Kellerman, since this is one of his last appearances upon the concert stage for several years will always remain a favorite. The perfect naturalness with which he sang the bass roles in the "Redemption" made the whole work more real. There is no doubt but that we would have to search far to find a similar pair of male voices so well adapted to this kind of work.

Much credit and praise is due to the different accompanists of the festival. Miss Ruth Rockwood has exceptional musical ability and her accompaniments were perfect. Miss Farrar deserves special praise in her accompaniments for the soloists on Tuesday evening. She had an exactness and precision that is always needed but very rarely found, and which gives the singer a feeling of reliance and allows him to do his best work.

Miss Benedict, however, still remains the hard worker. Nothing could have been desired in her interpretations of the accompaniments in the "Redemption." This work is very intricate and difficult for an accompanist. To her belongs a good share of praise for the good work of both the chorus and soloists.

This is the seventh annual festival of the Engwerson Choral Society and it was a success musically. It is a wonder that these events are not better backed. The Conservatory is an institution that is doing a great deal for Denison, yet some people have that yet to realize. It is hoped that in the succeeding efforts of this society that everyone will stand back of it, either with the voice or otherwise, and make a great success of it in every way.

The Proof is Here the Same as Everywhere.

For those who seek relief from kidney backache, weak kidneys, bladder ills, Doan's Kidney Pills offer hope of relief and the proof is here, in Newark, the same as everywhere. Newark people have used Doan's and Newark people recommend Doan's the kidney remedy used in America for fifty years. Why suffer? Why run the risk of dangerous kidney ills—fatal Bright's disease? Here's Newark proof. Investigate it.

Mrs. Charles Dudgeon, 433 West Church street, Newark, Ohio, says: "We have used Doan's Kidney Pills with such good results that I recommend them. One of us suffered a good deal from kidney weakness and backache. Doan's Kidney Pills, procured from A. F. Crayton & Co.'s Drug Store, brought great relief."

If your back aches—if your kidneys bother you—don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Dudgeon had—the remedy backed by home testimony. 50c., all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

OHIO IS WINNER

Young Student of Muskingum Making Own Way Through College is Highly Honored.

Muskingum College through her representative Albert H. Cunningham a Senior, won a great victory for Ohio recently at Wooster, when the Inter-State Oratorical contest was won by Muskingum's orator over the leading orators of eleven states, representing one hundred and ten colleges and universities. This was the first time in forty years that Ohio won the contest and it remained for Muskingum to do the business. Mr. Cunningham is a young man of splendid ability and a hard worker. He has made his own way through college, for several years acting as night telegraph operator, and the last two years has served some small Methodist churches. He will enter Drew Theological Seminary this fall and is sure to be heard from in the years to come. Some of the notable men who have won the Inter-State Oratorical Contest in the past are Senators LaFollette and Beveridge, Ex-Governor Yates of Illinois, Bishop Hughes of the Methodist church and President Findley of the College of the City of New York. The Senior class of Muskingum College which this year numbers fifty, chartered a special train for Wooster and took one hundred and seventy of the students and faculty members to Wooster to back up their representative.

Muskingum's 68th annual commencement will be held June 8-12.

Perry's Sword is Loaned to Navy Secretary

(ASSOCIATED PRESS TELEGRAM) Washington, May 29.—Former Representative Perry Belmont, in offering today to loan Secretary Daniels the sword which Commodore Oliver Hazard Perry used in the battle of Lake Erie, a hundred years ago, took occasion to speak a word for an increased navy. The sword as well as the flag which Perry transferred from the Lawrence to the Niagara during the battle of Lake Erie will be displayed at the centennial celebration to be held at Toledo, O., July 10 next. In presenting the relic to Secretary Daniels Mr. Belmont said:

"I feel that these mementos as well as the traditions of the navy are safe in your hands and that your care of the banner with the historic words, 'don't give up the ship' means that you will not give up the battleships."

**In the Parlor**

Suppose there was a time when "They kept the pig in the parlor?"

Suppose there was a time when germ-breeding carpets, tacked close to the base-board, were considered the thing?

Those are the things of yesterday. Today, the humblest parlor, to be stylish, must be airy and healthful.

Rugs, laid loosely on the floor over hardwood finish is the common sense custom.

SPARTANA

(Formerly called Spartan Stain)

will produce that hardwood effect so desirable!

It is a combination varnish stain that works easily, flows evenly, without lapping and dries over night. It is practical. Made by a house that has satisfied the exacting demands of the leading furniture and piano manufacturers for years.

Spartana is especially prepared for popular use in the home. It contains the very best materials. To floors, doors, woodwork and furniture it gives a hard, elastic, beautiful surface that resists the wear and tear of walking and is non-fading. Any shade you like.

OLD GUARDS IN MEMORIAL DAY PARADE

Through an error in making a copy of the formation of the Memorial Day parade which was published Wednesday, the Old Guards, Newark's crack veteran organization, was omitted. The committee preparing the program offers a sincere apology to the boys in the Guard, as the omission was unintentional.

These Veterans of '61-'65 will be found marching as proudly as ever, with the various patriotic, military and civic organizations. The Guards have been assigned to a position in the formation just ahead of Lemer Post.

Captain Bausch has been making special preparations for this Memorial Day event. The members will be in full uniform and the full membership is expected to turn out.

STRONG AND WELL AND FEELING FINE

ORS' TREATMENT.

HAD AILED ONE YEAR.

Wonderful Methods of the United
Doctors Gives Quick Relief
to Sufferers.

Success and ill-health in life do not go hand in hand. It cannot reasonably be so, for who, in physical pain, in mental depression, can make use of their maximum ability towards the goal of success.

Without having used one's full ability one cannot obtain the full amount of success in life. A person may only obtain the share allotted the man or woman who has not been able to strive to the utmost, if through physical ailments the person has been handicapped. Those few who have found financial success at the cost of health or in spite of ill health cannot truthfully believe themselves successful—for if they cannot enjoy the fruits of their striving—then what does life hold for them but discomfort and worry. It is a true saying that we seldom learn the value of health until we have lost it.

Mr. D. H. Wolfhope of St. Michael, Cambria county, Pa., has for the past year been in ill health and now that he has once again regained it he offers the public the benefit of his experience.

Johnstown, Penna., May 17, 1913.

"To the Public:
"I have been sick for one year and in such condition from indigestion and a severe pain in my back that I was unable to even stand upright."

"I had lost weight and found it hard to walk. My life was one of little pleasure.

"I now wish to certify that I have treated with the United Doctors only since March 19th and yet am now feeling fine. I can walk as straight now as at any time and feel strong and well, have gained eight pounds in the last two weeks of treatment alone."

"I can heartily recommend the United Doctors to anyone who is sick and trust my experience may be the means of bringing others to health."

(Signed) D. H. Wolfhope,

St. Michael, Cambria county, Pa.

The United Doctors never operate or use the knife. They prepare all of their own medicine in their own laboratory at the institute for the special requirements of each patient. Having "united" the three main systems of medicine—Allopathic, Homeopathic and Eclectic into one "United" method of treatment they have greatly increased their percentage of curable cases. Anyone having any chronic disease or ailment cannot do better than to call upon them. Consultation and examination is free to all.

Among other ailments they treat chronic and deep-seated diseases of the nerves, blood, heart, liver, kidneys, bladder, spine, including rheumatism, paralysis, epilepsy, gall stones, colic, indigestion, dyspepsia, constipation, asthma, catarrh, deafness, rupture, loss of nerve force, bloating, rectal troubles, and diseases of women and diseases of men.

Scranton, Pa., May 29.—Three pairs of twins which the stork delivered to that many mothers here Tuesday have clogged the machinery of Alderman James Moirs court. The mothers are important witnesses in a slander suit which the alderman was to try yesterday, but continued the suit indefinitely. All the parties to the suit live in the same block. Mrs. Jos. Savage charged that she was slandered by Mrs. Jos. Shidag. In the presence of several women of the neighborhood, among whom were Mrs. Ellen O'Boyle, Mrs. Hannah Boyd and Mrs. Margaret Stanton. It was to the latter three that the stork was so generous.

WATCH FOR EXODUS TO WIGHT COUNTY

(ASSOCIATED PRESS TELEGRAM)
Norfolk, Va., May 29.—This Isle of Wight county, Virginia, having a population of 15,000, claims the record for law and order. No jury has been necessary for the consideration for criminal evidence since the year 1833 and Judge D. B. White, of the circuit court said today the county jail was empty and practically no rent. Civil business alone keeps the court alive.

FIVE STUDENTS GRADUATE FROM ETNA SCHOOL

Before an attendance that packed the U. B. church in Etna to its capacity, five students of the Etna High school were graduated with appropriate exercises Wednesday night. The class address was delivered by Hon. R. F. McDonald of Newark, and an excellent musical program was furnished by the March orchestra.

Following the graduation exercises the class banquet was held. Members of the graduating class acquitted themselves admirably in the delivery of orations of the occasion. One of the most powerful and generally pleasing of these was that delivered by Hugh C. Hancock, formerly of Newark, who spoke of the elements of success under the title, "Man's Life on the Stage."
